

CONTENTS

A Research of Adolescents Physical Activity and Eating Habits During Their Free Time in City of Plovdiv, Bulgaria. Merdzhanova E, Petrova G, Kulina H, Lalova V.	2713	Factors which Influence Postoperative Pain Intensity after Surgical Removal of Impacted Mandibular Third Molars. Sbirkova TI, Neychev DZ, Raycheva RD, Atanasov DT.	2793
Applications of Routine Cardiac MRI Pulse Sequences - A Contemporary Review. Valchev G, Popova R, El Shemeri S, Bocheva Y, Usheva N, Galcheva S, Iotova V, Yotov Y.	2718	Herniated disc treatment by prof. G. Gechev underwater lumbar traction method, of a patient refraining from operative treatment with EMG, proved degeneration of L5-S1 root. Gecheva-Fermendzhieva G, Radev R, Marinov M.	2800
SEM examination of micromorphology changes of intracanal dentine after treatment with diode laser. Radeva E, Tarassov M, Popova E, Grozdanova R, Kosturkov D, Uzunov T.	2723	Balneotherapy in an extremely rare condition – Patterson-Lowry syndrome. Gecheva-Fermendzhieva G, Radev R, Marinov M.	2805
Hemangiolympangioma of the mandible: case report. Deliverska E.	2729	Role of laparoscopic surgery for the management of perforated peptic ulcer. Outcomes of 37 cases. Kostov K.	2812
Evaluation of the keratometric, biometric data and the biometric dependencies as risk factors of refractive error in IOL power calculation Popova G, Voynov L.	2733	Sex hormones in the saliva and periodontal health of children in puberty. Mitova N, Rashkova M.	2817
Outbreak of Fire Injuries in Pleven Region for the Last Ten Years - Retrospective Study on Archive Judicial Material and the Fire Evidence Database. Dimitrova D, Dekov D.	2739	Studying gingival microorganisms in children with gingivitis in puberty. Mitova N, Rashkova M, Popova Ch.	2822
Morphology and structural characterization of human enamel and dentin by optical and scanning electron microscopy. Karteva E, Manchorova-Veleva N, Damyanov Z, Karteva T.	2744	Health effects of sulfurous mineral water may vary depending on lifestyle Sokrateva T, Nashar M, Salim A, Vlaykova T, Ivanova D.	2828
Laser Doppler Flowmetry in permanent teeth. Cholakova R.	2751	Positive aspects of using protocols in Intensive Care Units in all University hospitals in Plovdiv, Bulgaria Lalova V, Petrova G, Merdzhanova E.	2838
Serological CMV screening in women of reproductive age and in pregnant women. Stoykova Z.	2755	Specific features and capabilities of emergency laparoscopy in the acute non-traumatic abdomen Kostov K.	2843
Malignant Cervical PEComa: A Case Report and Review of the Literature. Mateva S, Nikolova M, Totev T, Gorchev G.	2759	Morphological changes in the proprioceptors of human anterior cruciate ligament during degenerative osteoarthritis Gerasimov I, Trifonov S, Marinova D, Todorov A, Vacheva I, Popovska S, Asparuhov A, Ivanov I.	2847
Incidence rate of children attending creches in pleven municipality: causes and taking reduction measures. Markova G, Petrova G.	2769	Dimensional Ridge Alterations and Histomorphometric Analysis Following Socket Preservation with PRF or Allograft. Randomized Controlled Clinical Study Ivanova V, Chenchev I, Zlatev S, Kanazirski N.	2853
Corticosteroids - (Un)predictable inducers of psychiatric disorders. Telbizova T, Arnaoudova M.	2775	Non-Syndromic Congenital, Oligodontia: Management of a Case in a Nigerian Child. Idowu EA, Agbara R, Oladotun FO, Denloye O.	2862
Modified Approach to Ensure a Uniform Layer of Elastic Material for Relining Complete Dentures With Self Curing Silicones. Yankova M, Yordanov B, Dimova-Gabrovska M, Peev T.	2781		
The Ability of Two Nickel-Titanium Rotary Systems Made of Different Alloys to Induce Dentinal Radicular Microcracks. Tsenova I, Vassileva R, Karova E.	2788
